## Group Search Kit with Retractable Search Lines

- Systematic Search System
- Reduces Duplication of Search
- Keeps Search Crew Together
- Maintains A Means of Egress
- Secondary Teams can follow lines to assist
- Marker System Provides Orientation
- Rings and Knots Every 20'
- Provides Tag Line Operation
- Ideal for Large Structure Search

### AVAILABLE OPTIONS

- Marker System:
  - We are the only manufacturer using a marker system
  - The knots provide a measuring tool for team members to gauge their distance away from the exit point and are spaced 20ft apart
  - The rings keep the team attached to the primary line and are spaced every 20ft
  - Knots lead into the fire, rings lead to the exit point (can customize knot/ring configuration)
